Very Good

Experience History

● **Huawie ICT Competitor**

Huawie ICT

Participated in Huawie ICT competition 2019/2020 in the Cloud Computing Track and succeeded its Final exam

● **Machine Learning**

Projects

built Machine learning models to predict car prices, houses prices, students grades and predicting diabetes disease

● **Django Web Development**

Projects

built a full featured blog application, to do application, collage management system, and a personal website to show off my work and achievements.

Education

● **3rd Year Student: Information Systems Department**

Faculty Of Computers And AI Helwan University - Cairo Egypt

2017-09 - Current

Accomplishments

- Data Science Foundations - Level 1 | digital badge issued by IBM
- Data Science Foundations - Level 2 (V2) | digital badge issued by IBM
- Predict Employee Turnover using IBM Watson Studio | digital badge issued by IBM
- Data Science Fundamentals | digital badge issued by IBM
- Data Science & Analytics Intro | digital badge issued by IBM
- Python for Data Science | digital badge issued by IBM
- Applied Data Science with Python - Level 2 | digital badge issued by IBM
- Machine Learning with Python - Level 1 | digital badge issued by IBM

Languages

English

Certifications

2020-02

Cognitive Class DS0101EN Certificate | Introduction to Data Science

2020-02

CognitiveClass DS0103EN Certificate | Data Science Methodology

2020-02

CognitiveClass DS0105EN Certificate | Data Science Hands-On with Open Source Tools

2020-01

Cognitiveclass PY0101EN Certificate | Python 101 for Data Science

2020-01

CognitiveClass DA0101EN Certificate | Data Analysis with Python

2020-01

Cognitive Class DV0101EN Certificate | Data Visualization with Python

2020-02

Cognitive Class ML0101ENV3 Certificate | Machine Learning with Python

2020-02

Huawie ICT Competition Certificate (2019/2020) | Cloud Computing Track

Interests

I'm interested in applying data science techniques and solutions in the medical field
